

Sto Coating Remover and Concrete Etcher

The StoPrep™ Line For Commercial and Industrial Coating Removal and Concrete Surface Preparation

All StoPrep products are extremely effective and can reduce the downtime of your project while making it safer for workers and the environment. Our products include the following:

- **StoPrep Industrial Paint Strippers** CR6021, CR6031, CR6051 Industrial Paint & Coating Stripper
- **StoPrep Concrete Etcher** CR6012 Safe Concrete Etcher

Sto has more than 25 years of success in developing coatings for industrial and commercial applications. Our various Sto Coating Removers and Concrete Etcher products are easy-to-use surface preparation compounds effective on a multitude of coatings. One of the most amazing features of these products is that they are environmentally friendly, offering the following:

- Waterborne Technology
- Low VOC, Virtually Odorless, Non-Ozone Depleting
- No HAPs or TAPs
- Safer on surface than abrasive blasting

Sto Coating Remover and Concrete Etcher

StoPrep Industrial Paint Strippers CR6021, CR6031, CR6051

StoPrep Industrial Paint Strippers (CR6021, CR6031, CR6051)

Sto's easy to apply, water-based paint and coating removers are effective for a multitude of industrial and commercial applications.

- **StoPrep HD/Floor (CR6051)** is a heavy duty industrial stripper used for highly cross linked urethanes and epoxy topcoats and primers, including fuel resistant primers. It is recommended for use where abrasive blasting is not an option.
- **StoPrep Architectural (CR6031)** is recommended for non lead-based architectural coatings, elastomeric coatings, and acrylics.
- **StoPrep Universal (CR6021)** is recommended for lead-based architectural coatings, removal of coatings from concrete, thick film epoxies, and rigid urethanes

StoPrep Concrete Etcher CR6012 Concrete Etcher (gel)

A gel concrete etching compound specifically designed to provide a surface profile on green and mature concrete. The depth of the etching achieved with this product is the same as that provided by hydrochloric or muriatic acid, except with less fuming and more uniform etching capabilities than liquid etching products.

- Safe for use indoors
- Rinsing with water easily cleans residue
- Recommended for use on Warehouse Floors, Concrete Stairways, and Tilt Up Concrete.
- Replaces abrasive blasting for thin film coatings
- Removes nearly all types of concrete sealers and etchers at the same time
