Surface Preparation

Concrete, masonry and stucco:
Surfaces must be free of all bond-inhibiting materials, including dirt, efflorescence, form oil and other foreign matter. Loose or damaged material must be removed by water blasting, sandblasting or mechanical wire brushing and repaired. Avoid application over irregular surfaces. Resurface, patch or level surfaces to required tolerance and smoothness with appropriate Sto leveling materials. Refer to ASTM D-4258 and ASTM D-4261 for complete details on methods of preparing cementitious substrates for coatings.

StoPowerwall Finish is a ready mixed, flexible, acrylic and acrylic-elastomeric polymer blend textured wall coating used as a decorative and protective wall finish over prepared vertical, above grade concrete, masonry and plaster/stucco substrates.

Coverage
StoPowerwall Fine: 148-158 ft² (13.8-14.1 m²) per pail.
StoPowerwall Medium: 111-120 ft² (10.3-11.2 m²) per pail.
StoPowerwall Swirl: 120-130 ft² (11.2-12.1 m²) per pail.
StoPowerwall Freeform: 90-130 ft² (8.3-12.1 m²) per pail.

Coverages may vary depending on application technique and surface conditions.

Packaging
5 gallon pail (19 L).

Shelf Life
18 months, if properly stored and sealed.

Storage
Protect from extreme heat [90°F (32°C)], freezing, and direct sunlight.
StoPowerwall® Finish

Surface Preparation (cont.)

Priming:
Priming is recommended for best results - color uniformity, maximum finish coverage, and neutralizing high pH (highly alkaline) surfaces such as Portland cement stucco (including StoPowerwall® Stucco), StoQuik® Silver Systems, and prepared concrete and masonry surfaces.

Mixing
Mix with a clean, rust-free electric drill and paddle. A small amount of clean water may be added to aid workability. Limit addition of water to amount needed to achieve the finish texture.

Application
Apply only to sound, clean, dry, properly prepared, frost-free surfaces.

Trowel: Apply StoPowerwall Finish with a clean stainless steel trowel to a rough thickness slightly more than the largest aggregate size. Use the trowel to scrape the material down to a uniform thickness no greater than the largest aggregate size. Achieve final texture by floating in a figure eight motion with a plastic float. For StoPowerwall Freeform application thickness varies depending on the pattern or texture desired. Apply to a minimum 1/16 inch (1.6 mm), maximum 3/16 inch (4.8 mm) thickness in one pass. Texturing may be achieved by trowel, special roller, or putty knife. Apply uniformly to avoid color discrepancies. Once applied, the working time is up to 15 minutes depending upon material, ambient temperatures and surface conditions.

Spray: Apply the StoPowerwall Finish with a hand-held gravity-feed hopper type sprayer, texture spray pump machine, or other appropriate equipment such as the StoSilo system or Sto’s M-8 spray pump. Apply an even coat to ensure full coverage of the surface. (Spray application is not recommended for StoPowerwall Swirl).

Limitations

- StoPowerwall Finish should not be used on horizontal, below grade or water immersed surfaces.
- StoPowerwall Finish is not recommended over interior wall surfaces.
- StoPowerwall Finish should not be used on horizontal, below grade or water immersed surfaces.
- StoPowerwall Finish is not recommended over interior wall surfaces.

Health And Safety

WARNING!
Causes eye and skin irritation.
Precautionary Statement
Wash hands thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection.

FIRST AID MEASURES
Eye Contact: Immediately flush eyes with plenty of water for at least 15 to 20 minutes. Ensure adequate flushing of the eyes by separating the eyelids with fingers. Get immediate medical attention.
Skin Contact: Immediately wash skin with plenty of soap and water for 15 to 20 minutes, while removing contaminated clothing and shoes. Get medical attention if irritation develops or persists.
Inhalation: If inhaled, remove to fresh air. If not breathing, give artificial respiration or give oxygen by trained personnel. Seek immediate medical attention.
Ingestion: If swallowed, do NOT induce vomiting. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person.
Store locked up.
Spills
Collect with suitable absorbent material such as cotton rags.
Disposal
Dispose of in accordance with local, state or federal regulations.

Warning
KEEP CONTAINER CLOSED WHEN NOT IN USE. KEEP OUT OF THE REACH OF CHILDREN. NOT FOR INTERNAL CONSUMPTION. FOR INDUSTRIAL USE ONLY. Consult the Safety Data Sheet (SDS) on www.stocorp.com for further health and safety information.

LIMITED WARRANTY
This product is subject to a written limited warranty which can be obtained free of charge from Sto Corp. Refer to Sto Specifications for more complete information on proper use and handling of this product.

Attention
This product is intended for use by qualified professional contractors, not consumers, as a component of a larger construction assembly as specified by a qualified design professional, general contractor or builder. It should be installed in accordance with those specifications and Sto’s instructions. Sto Corp. disclaims all, and assumes no, liability for on-site inspections, for its products applied improperly, or by unqualified persons or entities, or as part of an improperly designed or constructed building, for the nonperformance of adjacent building components or assemblies, or for other construction activities beyond Sto’s control. Improper use of this product or use as part of an improperly designed or constructed larger assembly or building has no warranty or implied warranty of any kind. Sto Corp. disclaims all warranties expressed or implied except for those limited written warranties issued to and accepted by building owners in accordance with Sto’s warranty programs which are subject to change from time to time, for the fullest, most current information on proper application, clean-up, mixing and other specifications and warranties, cautions and disclaimers, please refer to the Sto Corp. website, www.stocorp.com.
