■ 00 Light Reflective Value

An advanced wall coating engineered for exceptional performance in pedestrian traffic areas.

Incredible durability and low maintenance are the result of Sto Decocoat's unique composition; millions of tiny color coated beads encased in powerful acrylic binder. As a tough, seamless and vapor permeable finish, this coating won't tear or peel, is simple to clean and easy to patch. Decocoat is also water-based and VOC compliant with EPA and SCAQMD. Very simply, Decocoat will look beautiful far longer than ordinary wall coverings and coatings.

Design with Decocoat

With its subtle texture and softly variegated color palettes Sto Decocoat can be used as an interior or exterior coating over prepared concrete, masonry, plaster, drywall surfaces, or as a finish in Sto Wall Claddings providing distinctive design possibilities for vertical surfaces. Custom color combinations of Sto Decocoat are available. Designers can integrate the product into its surroundings by having Sto match Decocoat to an existing finish, a coating, a stone sample, or other material submitted to Sto Corp.

Decocoat is ideal for airports, healthcare facilities, schools, restaurants, hotels, or corporate, commercial and public settings...wherever beautiful walls need a superior protection.

Limitations

This chart offers a representation of Sto Decocoat color. Actual color of manufactured product may vary slightly from the chart. Furthermore, samples may vary slightly in color and texture from production materials made for a particular job. Trace levels of off-colored particles may be present. For color combinations involving exclusively light-colored beads, this may be un-desirable. It is always recommended to install a large sample wall area to assure desired results.

ATTENTION

Sto products are intended for use by qualified professional contractors, not consumers, as a component of a larger construction assembly as specified by a qualified design professional, general contractor or builder. They should be installed in accordance with those specifications and Sto's instructions. Sto Corp. disclaims all, and assumes no, liability for on-site inspections, for its products applied improperly, or by unqualified persons or entities, or as part of an improperly designed or constructed building, for the nonperformance of adjacent building components or assemblies, or for other construction activities beyond Sto's control. Improper use of Sto products or use as part of an improperly designed or constructed larger assembly or building may result in serious damage to this product, and to the structure of the building or its components. **STO CORP. DISCLAIMS ALL WARRANTIES EXPRESSED OR IMPLIED EXCEPT FOR EXPLICIT LIMITED WRITTEN WARRANTIES ISSUED TO AND ACCEPTED BY BUILDING OWNERS IN ACCORDANCE WITH STO'S WARRANTY PROGRAMS WHICH ARE SUBJECT TO CHANGE FROM TIME TO TIME.** For the fullest, most current information on proper application, clean-up, mixing and other specifications and warranties, cautions and disclaimers, please refer to the Sto Corp. website, www.stocorp.com.
